SUMMER DAZE

Once school ends and students are waiting for another year to begin, there is that long awaited break called summer vacation.

During that period we have the time to go out and have fun visiting our friends, going to the beach or just hanging out.

People find summer vacation a good time to unwind. Maybe even earn some extra money and spend warm hours relaxing in the sun.

(Above) A few freshman, a couple of sophomores, and a handful of juniors "pile up" to get a picture at volleyball camp.

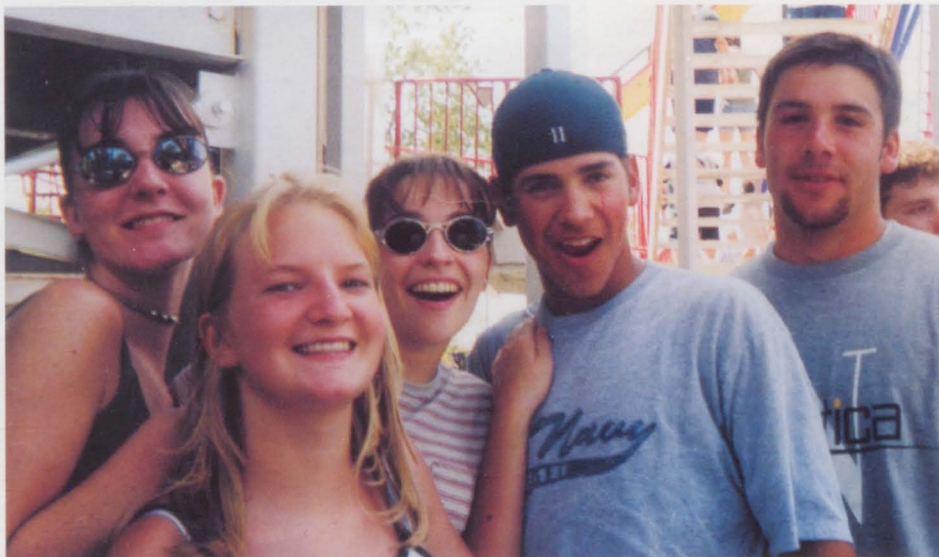

(Above) Liz Taube shows off one of the many fish that she caught over the summer in the Upper Peninsula. "What a pretty fish."

(Left) Dean Pilat, Justin Grove, and Mike Kavanagh spend a fun day playing on the boat. "Don't fall in Dean."

(Below) Kim Falter, Erin Dunn, Dena Piecuch, Doris Ruedisueli, and Laura Bernabei all take time to stop rollerblading and smile for the camera.

(Left) Doris Ruedisueli, Shelly Belesky, Andrea Francek, and Kim Flint show a little skin this summer at the beach. "Don't get burnt, girls!"

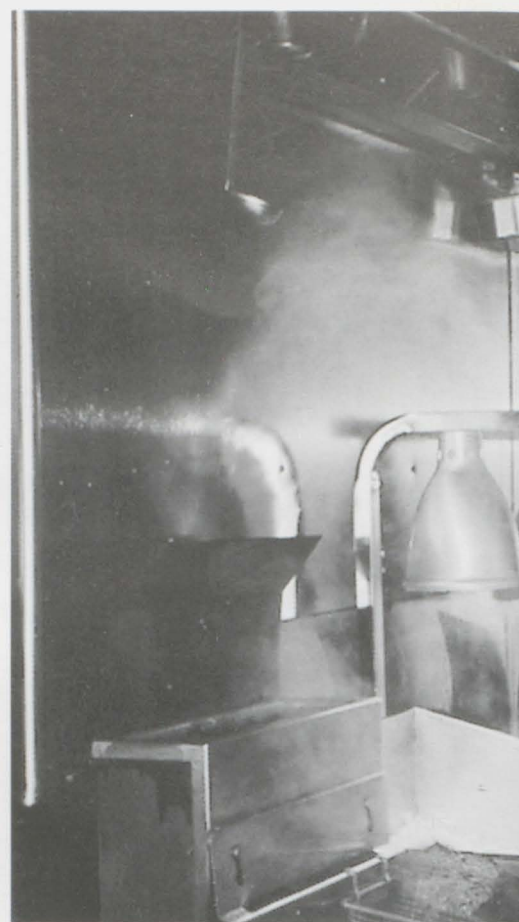

(Above) Christine LaMay, Theresa Moore, Megan Streu, Scott Tesluck, and Josh LaMay are showing what a fun time Cedar Point can be.

Welcome to McDonald's, may I take your order? Mike Kavanagh peeks his head through the drive-through window to help assist his customers... and to look good in the picture!

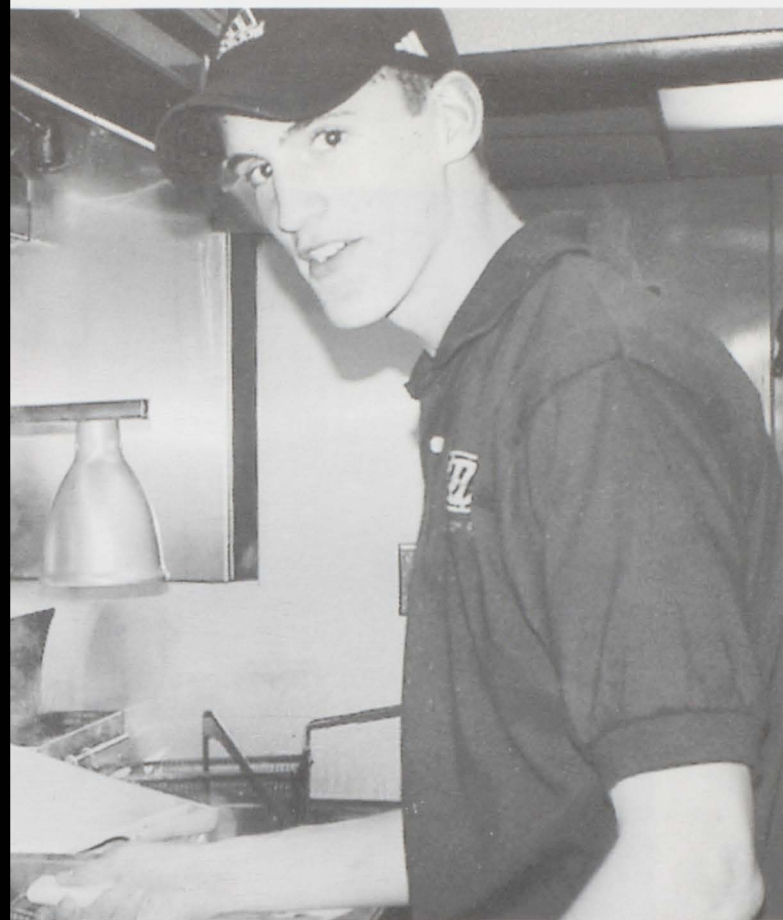

Hi-Ho, Hi-Ho, It's Off to Work we Go...

A majority of the students at Yale High school are employed. They manage to juggle school, work, and other activities, such as team practices. It's a lot of hard work, but it's usually worth it. There are a variety of places of employment that the students have chosen. They range from working at an Alpaca farm, construction, making Yale Bologna at C.Roy's, and the ever popular fast food chains! Most Yale students are employed at either A&W or at McDonald's.

How many doughnuts are in a baker's dozen again? Amie says the most fun aspect of her job is working with Ben Pellerito, and that she loves making pizzas!

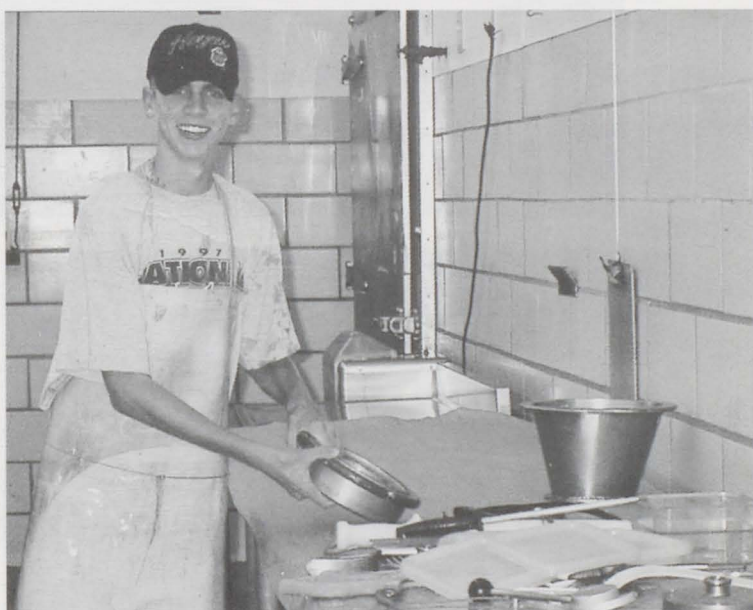

Matt Bishop demonstrates the correct way to fry up a delicious burger! What Matt loves about his job is "All the free bacon cheeseburgers I can eat!"

Jason Meharg spends a cold evening in the freezer at C.Roy's.

Vinckier Foods employee Ron Pentz lines them up, making sure they're just right.

Joey Stafford scrubs away after a fun day at C.Roy's.

One Last Dance

This year prom was held at St. Clair County Community College. Prom is a time for the seniors to have one last dance together before they take the next step in life. The senior advisors, Mr. and Mrs. Robinson, helped plan the perfect evening. The crowning of king went to Barry Kendall, and the crowning of the Queen went to Nicole Schneider. The couple then danced the evening away along with everyone else.

A special thanks went to the S.A.D.D. group for showing the people that attended the dance the mock car crash. This reminded the students why it is important not to drink and drive.

Right: Kelly Johnson and Dean Pilat take a minute to remember the moment, wishing the night wouldn't end when the clock strikes twelve.

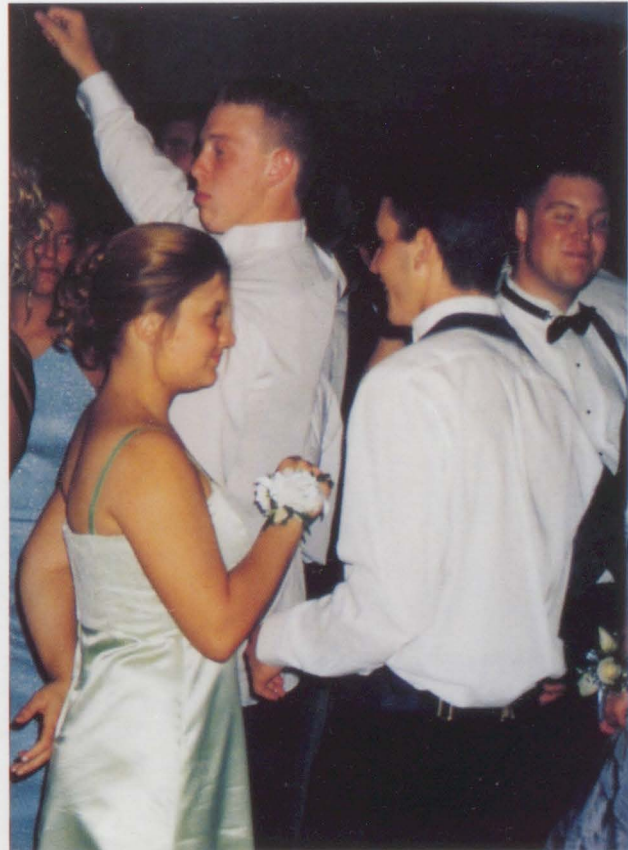

Right: Ryan Martin and Renee Rathnow stop dancing for a minute to smile for the camera. Then the couple danced the night away.

Above: Erin Dunn, Dena Piecuch, and Stacey Fletcher strike a pose before the prom. They can't wait to dance the night away.

Above: Amber Lashbrook, Mike Kavanagh, and Derek Metzger are getting down on the dance floor. Showing everyone how to have a good time.

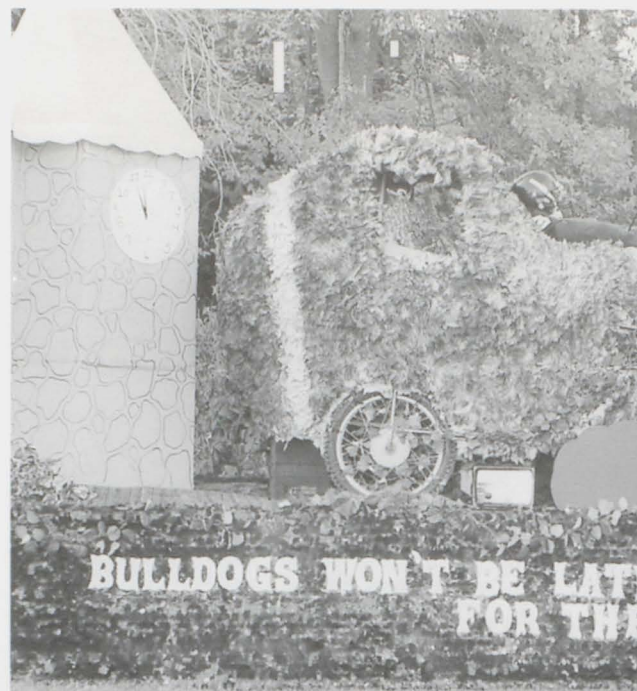

Left: Josh Francek and Richard Meharg are showing everyone how "tough" they really are.

STORYBOOK FANTASIES

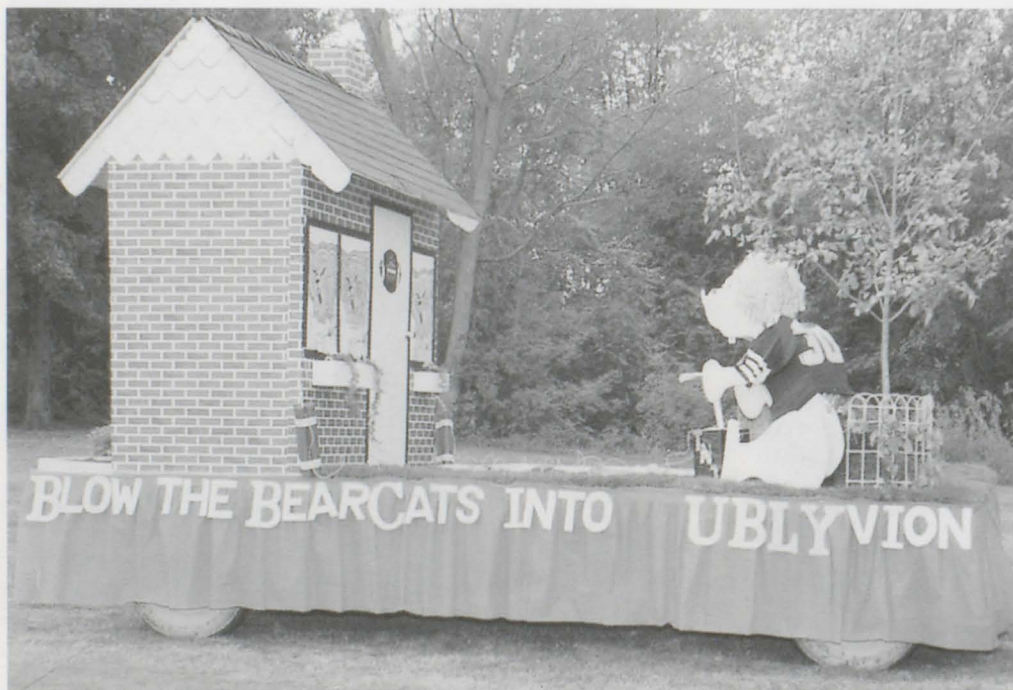

Yale's 1998 Homecoming Float Competition was a close one, with great participation from each grade. The sophmores took first with the theme of Cinderella. Next, came the seniors who recreated the story of Billy Goats Gruff. Third place was taken by the Junior class using the old tale of Goldilocks and the Three Bears. Last, but certainly not least, came the Freshman who built up the set of Jack and the Beanstalk.

Once upon a time there was a bulldog named Admiral. He had no way to get to the Yale Homecoming Football Game.....

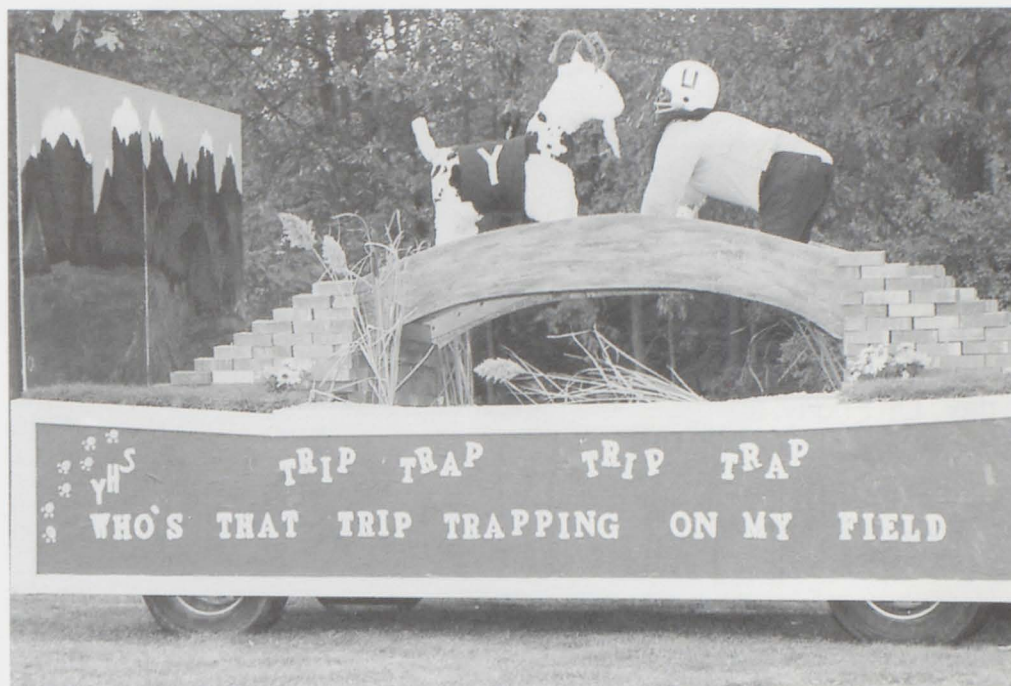

Thankfully, his fairy godmother, Mrs. Sopha turned his old football into a carriage. But poor Admiral still had a long way to go when the carriage stopped to take Cinderella to the ball.....

Admiral then found a little brick house deep the the woods. He was about to knock politely and ask for directions when he happened to peek in the window and see the three bearcats who lived inside! He shot like dynamite out of there!.....

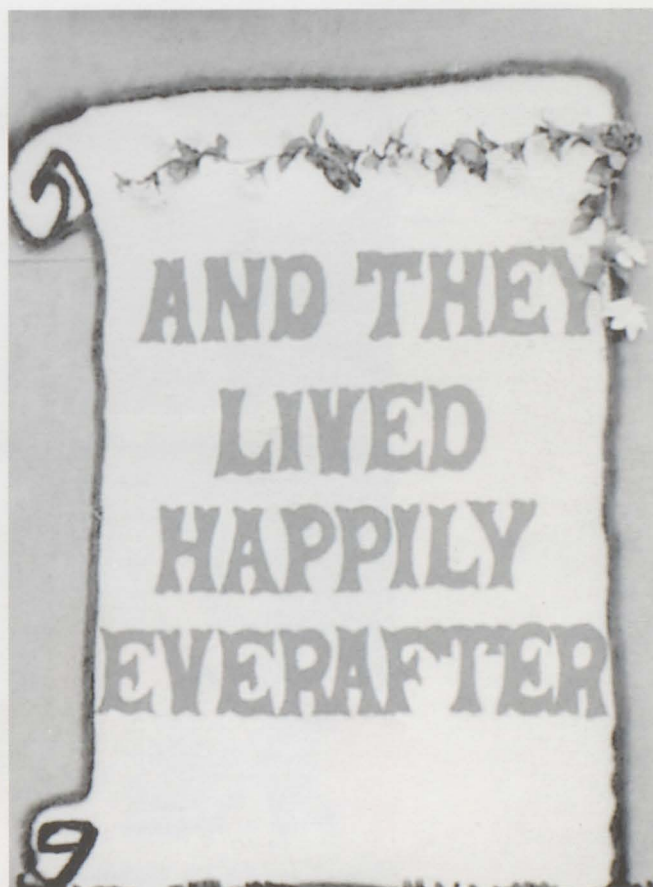

Next he came upon an old bridge. The Billy goat gruff helped him pass the gorilla...uh, I mean...troll, and on he went.....

Still running, and out of breath, he came across his old friend "the giant" and climbed up his beanstalk. From there he had a perfect view of the field! Admiral got there just in time for the kick-off!.....

TRUE BLUE SPIRIT

Homecoming '98

The week of Homecoming is our time to show our true blue spirit. During spirit week, our Bulldog pride filled the halls of Yale High. Each day had a different theme. Orange and black socks, college logo, clash, Hawaiian, and most importantly, Blue and White day. On Friday, the day of the big game, the classes compete against each other in cheers and the tug of war.

The week was brought to a memorable close with the student council-sponsored dance, "Enchantment Under The Stars". The honor of Homecoming King and Queen went to Dean Pilat and Laura Bernabei

Dean Pilat and Laura Bernabei were crowned Homecoming King and Queen during half-time at the football game. They appear here with Laura's father who escorted Laura down the field.

Aloha! That's the way to greet this group. Veronica Marcetti, Nicole Tolman, Becky Brennan, Traci Gerlach, Brandon Woodrich, Joel Miller, Mike Kavanagh, Louie Kuznia, Kevin Keith, and Jasmin Kidd all sported these tropical get-ups for Hawaiian Day.

"V-I-C-T-O-R-Y !" . The Homecoming pep assembly always includes a competition cheer between the classes. The Junior class really looks intense this year, they're really giving it their all. Even though first place for the cheer went out to the Sophomore class, the Junior class really showed their class spirit.

The Seniors are pulling their way to victory! They beat out all the other classes in the annual tug of war thanks to Tim Townsend, Bob Peters, Don Wilcox, Rob Winkler, Ben Wixon, and Mike Kavanagh with Erin Dunn, Kim Flint, and the senior cheerleaders cheering them on. Hey... why didn't they let Kim and Erin pull?

Men's? This crazy group all visited Lakeside Beach for pictures before heading to the Homecoming Dance that night. Who knows, maybe Erin Dams, Becky Brennan, Nicole Tolman, and Megan Streu were trying to pick up some last-minute dates while they're at it! *This crazy*

St. Clair Tec

Senior John Mason is showing everyone how to cut a board with a saw the correct way. John is part of the co-op at Tec.

Junior Bill Bradshaw is fixing his machine at Tec. This is Bill's first year at Tec.

Dave Weindl, Mike Bullock, Brad Sanders, Ross Brown, and Scott Morris are working for the co-op program at Tec.

Junior Mike Bishop is working on a drafting layout for Tec. Cheer up Mike it can't be that bad!

Senior Phil Yeary is at Tec to become a chef, but he doesn't look to happy about it today!

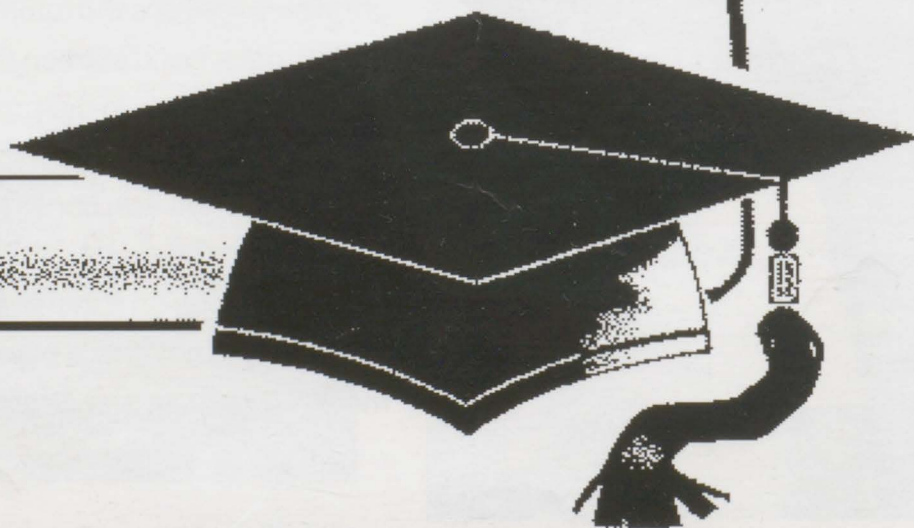

TEC--A STEP TOWARD THE *FUTURE!*

Many Yale High School juniors and seniors attend St. Clair County Tec Center. The Technical Education Center is a great step towards the future for many of the students who wish to get a head start on their careers. Students spend half of their school day in the program of their choice. The center offers many career options, such as, drafting, medical technology, plastics, construction and business services. Second year students get to attend co-op. Co-op gives students hands on experience with the working world. The Tec center is not only a place of work, it's also a place to meet new people and prepare for the real world.

SENIORS! Yes, we are finally seniors and are almost ready to graduate. I cannot believe this is the last year. For the past 13 years we have been waiting for this and on May 28, 1999 it will all be over. This is the day that we will all be together for one last time. Most of us have spent the past six years together and even some the past 13 years, but after graduation it is sad to know that we will all go our separate ways; some to a big college far away, some into the military and some off to work and to start a life. Leaving high school may be the biggest transformation of our lives. We will no longer have the security of knowing we will be getting up every morning and coming to this familiar place that we are so comfortable with. Many good times and memories have been spent in high school. I hope all of you remember all of these times and cherish them, as I truly believe high school is the most exciting and carefree days of our lives and we will never be able to return to them.

Our class has come a long way with making the snowcoming dance, which started as nothing, and turned into a spectacular yearly event and succeeded in making a wonderful float each year. We could not have accomplished this without the help of our wonderful advisors Mr. French and Mrs. Maplethorpe. Everyone in our class has the potential to succeed in what ever they want. I encourage you all to find your dream and pursue it. Do not let anything stand in your way, it's your life live it to the fullest. I wish nothing but luck and above all happiness to each and everyone of you. The class of 1999! I hope you had the time of your life!

Sincerely yours,
Shelly Belesky
Senior class president

Jessica Pikura carries supplies for Mrs. Taylor's class in which she is an aide.

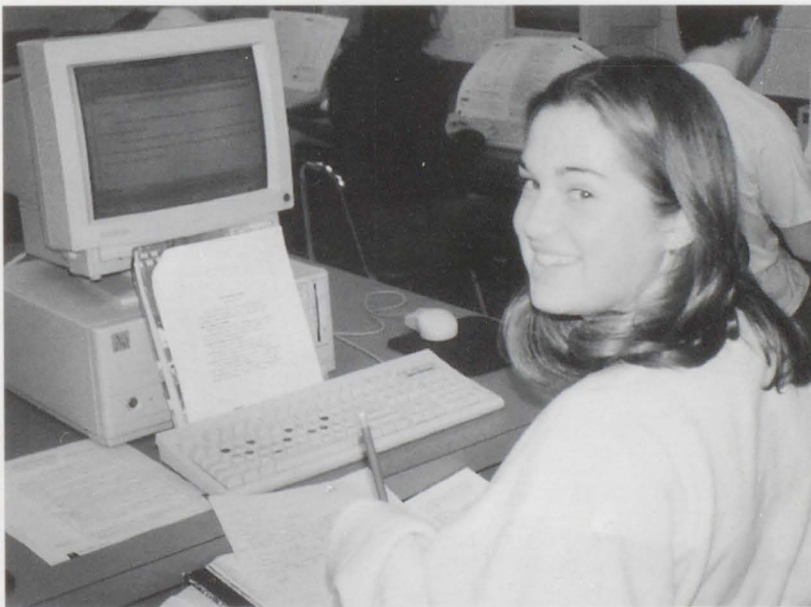

No, the Nitrogen goes here! Laura Cowhy and Veronica Marcetti are concentrating on completing their molecule structure in Mr. Schrand's Biology 2 class.

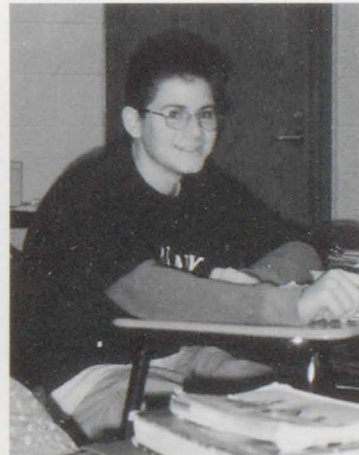

Mr. Dewey's Art II class is hard at work on another masterpiece.

Amy Edwards is hard at work on her Accounting homework. Accounting is a very useful class for those interested in pursuing jobs in that field.

Becky Brennan obviously finds Mr. Glavach's Business Tech class very amusing.

Josh Herrington shows us that there really is something to smile about during school hours!

NEW FACES IN THE CROWD

The 1998-1999 school year brought many new cheerful faces to the classrooms of Yale High School. The English and language department got three new teachers, Mrs. Martin, Ms. Kennet, and Mr. Lewis. The social studies wing acquired Mr. McLennan and Mr. Jacobson. In Physical education, Mr. Southwick was hired. Also the new business/tech and yearbook adviser is Mr. Glavach. We asked all of the new teachers what they like most about Yale High School, and if their experiences have been good so far.

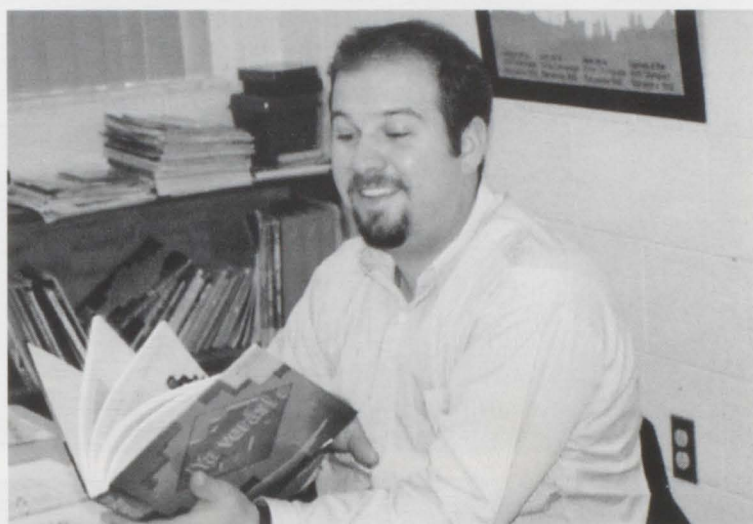

Mrs. Martin, who teaches General English III, Advanced English II says "I like the energy level of the students here at Yale High School"

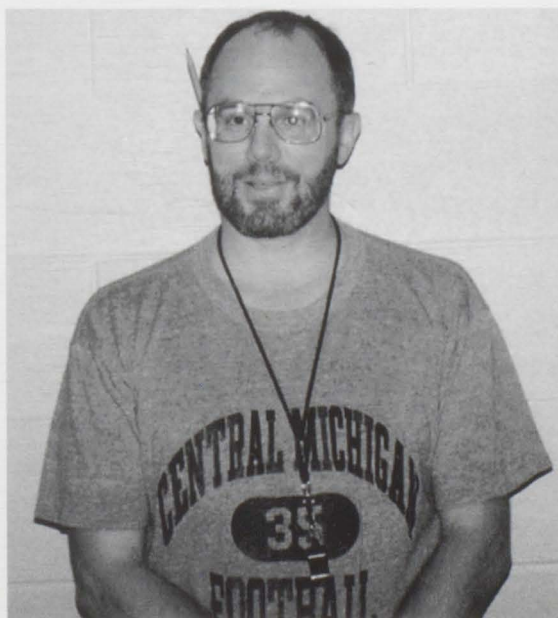

Mr. Glavach, who teaches all Business-Tech classes and is adviser of the school Yearbook says "The High School is beautiful. I enjoy teaching in the Technology classes and being the yearbook advisor."

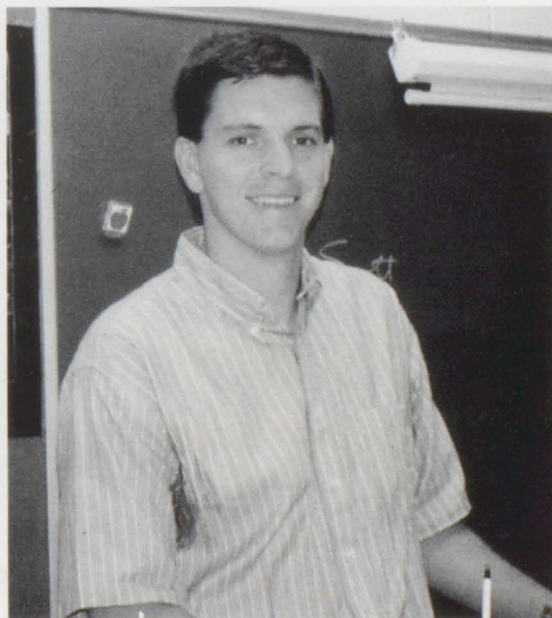

Mr. Jacobson teaches History. He says "The thing I like best about Yale is the friendliness of the staff and the students."

Mr. Lewis is the new Spanish I, II, and III teacher. In his experience with Yale, he says "The best thing about Yale is getting to know the students."

Mr. Southwick, the new Physical Education teacher says the best aspects of his new job at Yale are "The students, the whole atmosphere."

Mr. McLennan, who teaches Government, Economics, and Social Studies classes, says "The best thing is working with the students and the athletes."

Snowcoming '98

The Third Annual Snowcoming Dance was a huge success. All the elements of the beautiful decorations, wonderful food, relaxing carriage ride and festive atmosphere made it a fun and memorable experience. The Senior Class sponsored the dance again this year, and once again Mrs. Sopha headed up the decorations and was assisted by Mrs. McFadden.

Snowcoming Royalty: Erin Dunn and Mike McCormick

David Worton, Kim Falter, Kelly Johnson, and Dean Pilat are getting ready to saddle up! One of the things that Snowcoming is known for is the horse-drawn carriage rides around the parking lot.

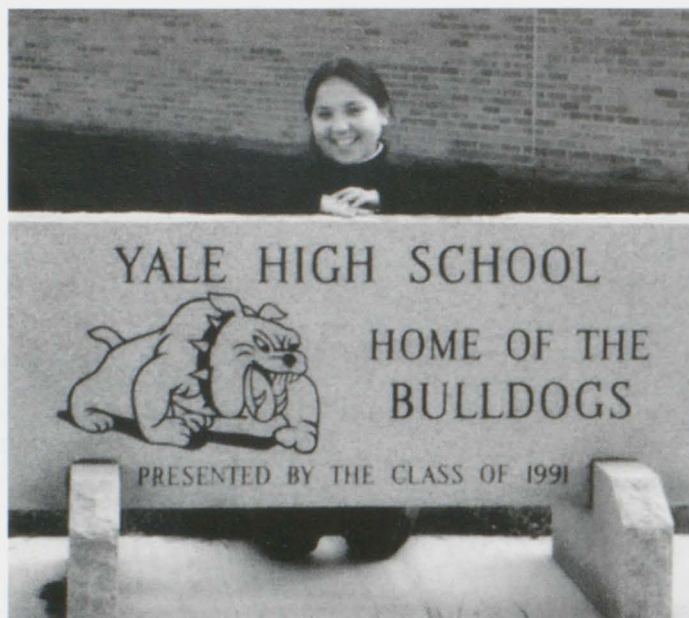

These girls know how to dance! Erin O'Connor, Jill Cowhy, Missy Nuss, and Andrea Bankeroff show off for the camera and show what school dances are all about...FUN!!!

Amanda Hewitt and Brandon Woodrich take a break from all the wild dancing to sit and chat.

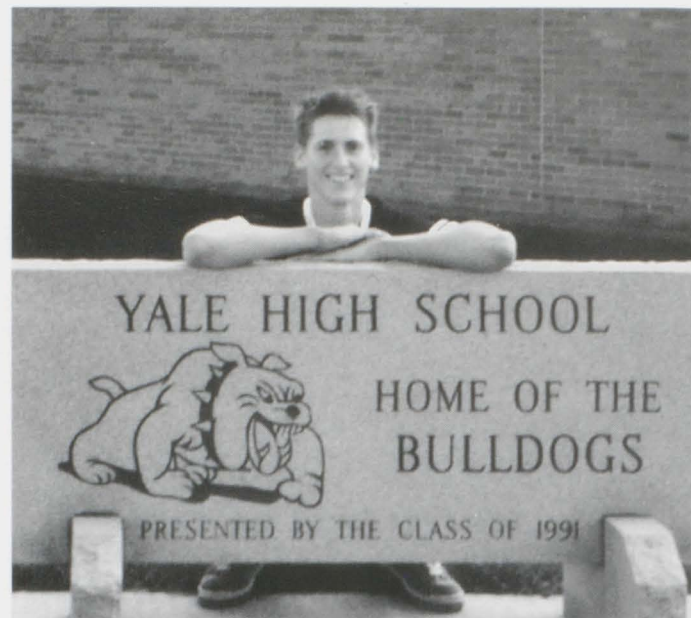

To here.....

Hello, my name is Faviana Vargas, I'm seventeen years old, and I'm from Ushuaia, Argentina. There I have a brother who is older than me. Here I live in Ruby, with the Stadalnira's family. They are very nice people. I don't have any brothers or sisters here.

I think the people are friendly here, I have made a lot of new friends and I like it very much here. I'm looking forward to the rest of this year.

Sincerely,
Fabiana Vargas

Hi, I'm Kim, the exchange student from Denmark. I live right in the center of Yale with my dad Wayne and my mom Sherri Gottleber. I have three sisters Kate, Christine and Erin, you probably know them!! About the differences here. I really like the way you have school spirit over here, we don't have anything like that in Denmark. We don't even have any sports in school. I like being here a lot, my family is great, I have met a lot of new people, everyone has been nice to me, and I have already had a lot of fun with some of you. If this year keeps going as it has so far, I'm sure it's going to be an awesome year!!

The library is another place to learn more about America for the foreign exchange students. They think that this is a pretty fun place.

Hi, My name is Steffen Kaultzki. I come from Berlin the capital of Germany, which has 3 million inhabitants. I live in America with Nathan, Tim, Kim and Bill Denryter, also dogs who are called Kimshe and Hershey, in Avoca.

It is really great to live here and see another culture. Life here is so much different than in Berlin but it is awesome to be here to stand on my own two feet and sometimes to fall on my nose. There are a lot of things which I must get used to and which are hard to adopt. But I love the USA. The people here have been so nice that I enjoy it here very much.

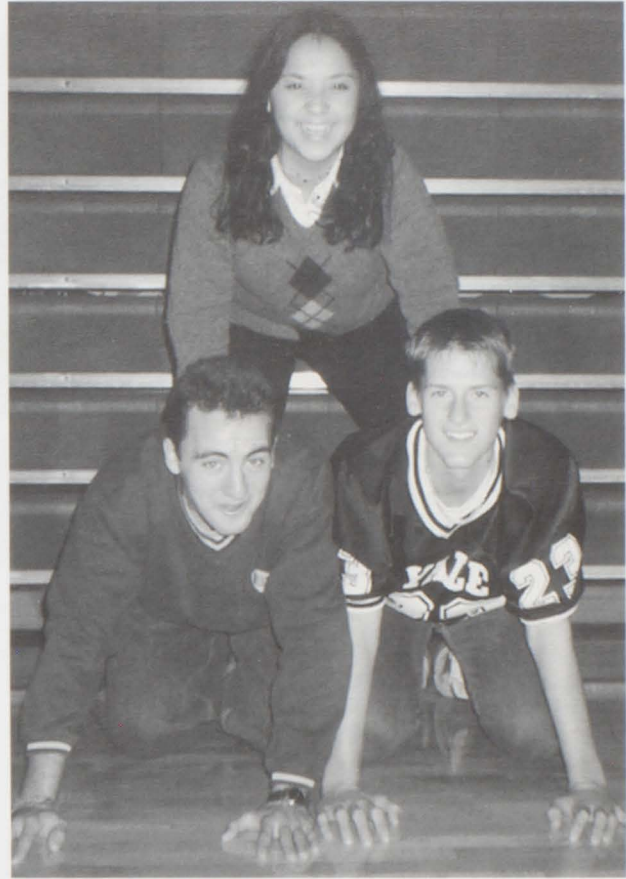

Thank you,

The foriegn exchange students are making a circle of friendship. Kim, Fabiana, and Steffen have all come to know each other pretty well because they all have so much in common.

Fabiana is sitting on top of the world. Kim and Steffen try to smile for the camera as Fabiana tries out that cheerleading move she saw at the last game she went to.

Class of 1999

"To the class of 1999"

It has been not only a privilege but also a pleasure to have cosponsored the "Class of 1999". Having been an elementary secretary before moving into the high school secretarial position, I remember registering most of your class when they first started kindergarten! It has been a rewarding experience to have watched you develop through the years not only academically but also in the music and sports programs. I have enjoyed watching the sporting events, music programs, and drama club presentations that your class has participated in.

We have had so much fun constructing floats and sponsoring the annual "Snowcoming Dance". I have enjoyed working with the class of "1999" and wish all of you the success you have worked so hard to achieve. Whether you are going to college, getting a job, getting married, or attending the military, may you always remember the years you spent at Yale High School. I wish you all the happiness for a wonderful and successful future.

Your Friend
Mrs. Maplethorpe

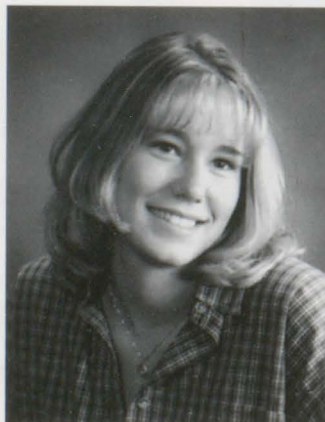

When Mr. Johnson approached me to be the "Class of 99" Advisor, I hesitated. What kind of students would I be working with? How much work would it be? Little did I know that it would be so much work and yet so very rewarding I will never forget the last minute float preparations, Snowcoming dances and hallway banter with students. Above all, I will miss how well you all get along with each other. Take care and God bless.

T.G.I.F

After surviving five days of school, there comes that famous thing called a weekend. For some freshman it means hanging out with friends and/or family. For others it is major relaxation time.

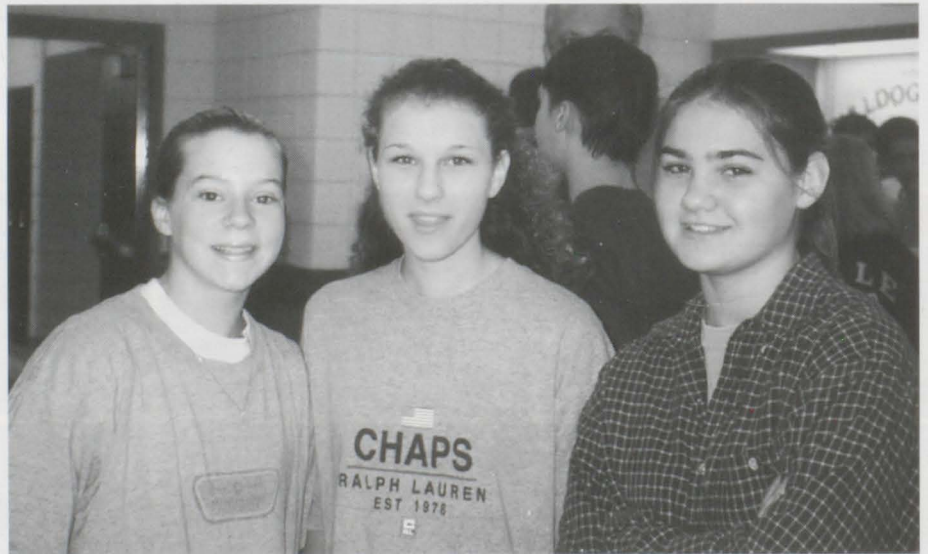

(below) The German Club took a trip to Frankenmuth during the Christmas season this year. Here, standing in front of the ornament section at Bronner's, are Nikki Huber and Jodi Nuss.

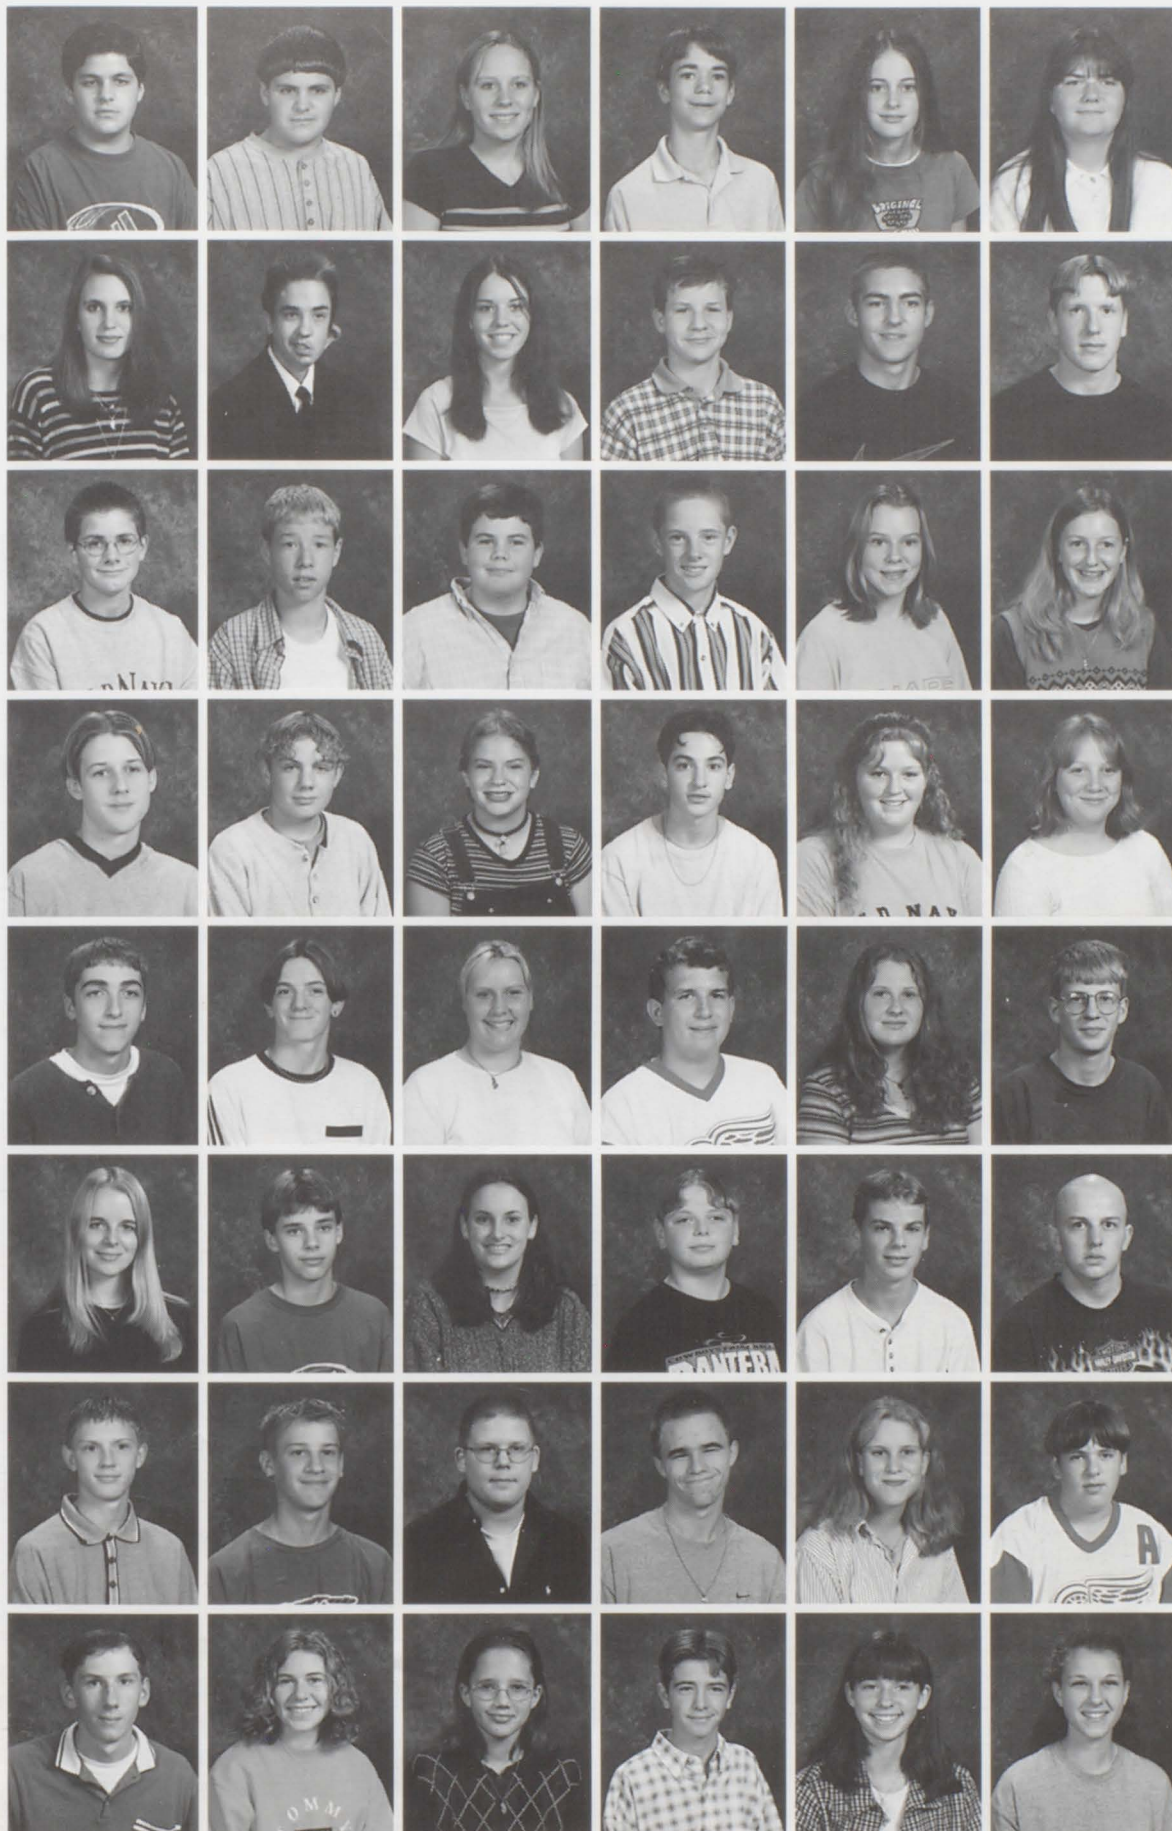

This group stepped off the dance floor for a break from all that hard-core dancing at Snowcoming to grab something to eat and drink. The night's not over yet. Hope they are not tired!

Here is Mike Derouin showing us what he likes to do on Friday nights! No, but he did make some great laughs dressing up as a girl at the German Club's Halloween costume party.

Nicole Huber, Crystal McFadden, and Sarah Tolman's idea of a fun weekend is hanging out with good friends and relaxing.

LUCKY CHARMS

Everyone has something they keep with them for good luck. Whether it helps you to win the big game, get an A on your Algebra test, or pass drivers training, it helps to know your Lucky Charm is there.

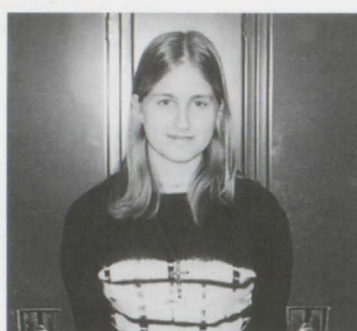

Amanda Moody keeps a half dollar with her year of birth on it to ensure her good luck.

Holding his lucky guitar pick in his hands, Alex Collins grins at the camera.

Sara Maurin and the Cross Country team found a softball during one of their meets and had everyone sign to help them all run a great race.

"I tie a string around my shoe lace during tennis for good luck"
~Tracey Verbeke

Laura Wissel still has the softball she hit a grand slam with. She keeps it to remind herself of that awesome game!

Heidi Lohn has a quarter her uncle gave her that he painted with red nail polish for good luck.

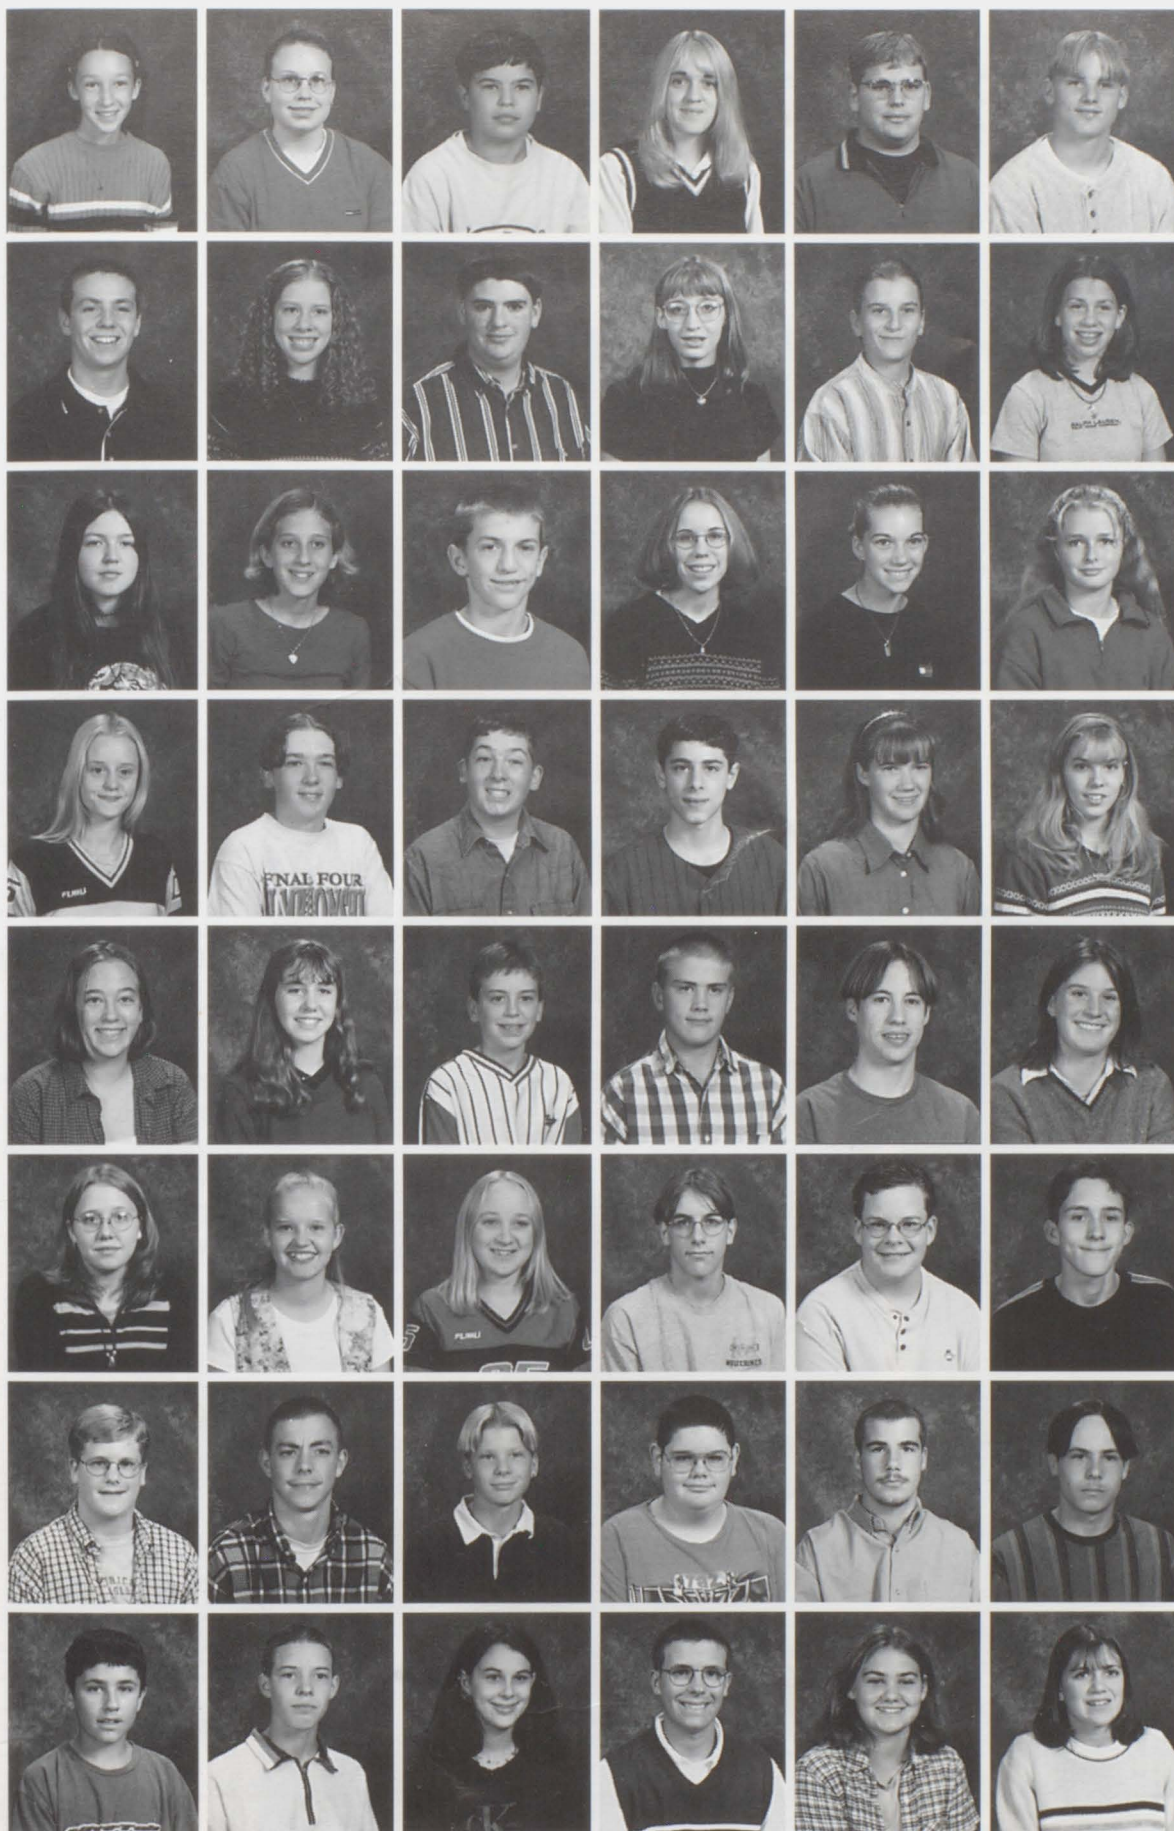

What is the weirdest superstition you've ever used to ensure your good luck?

YALE HIGH SCHOOL

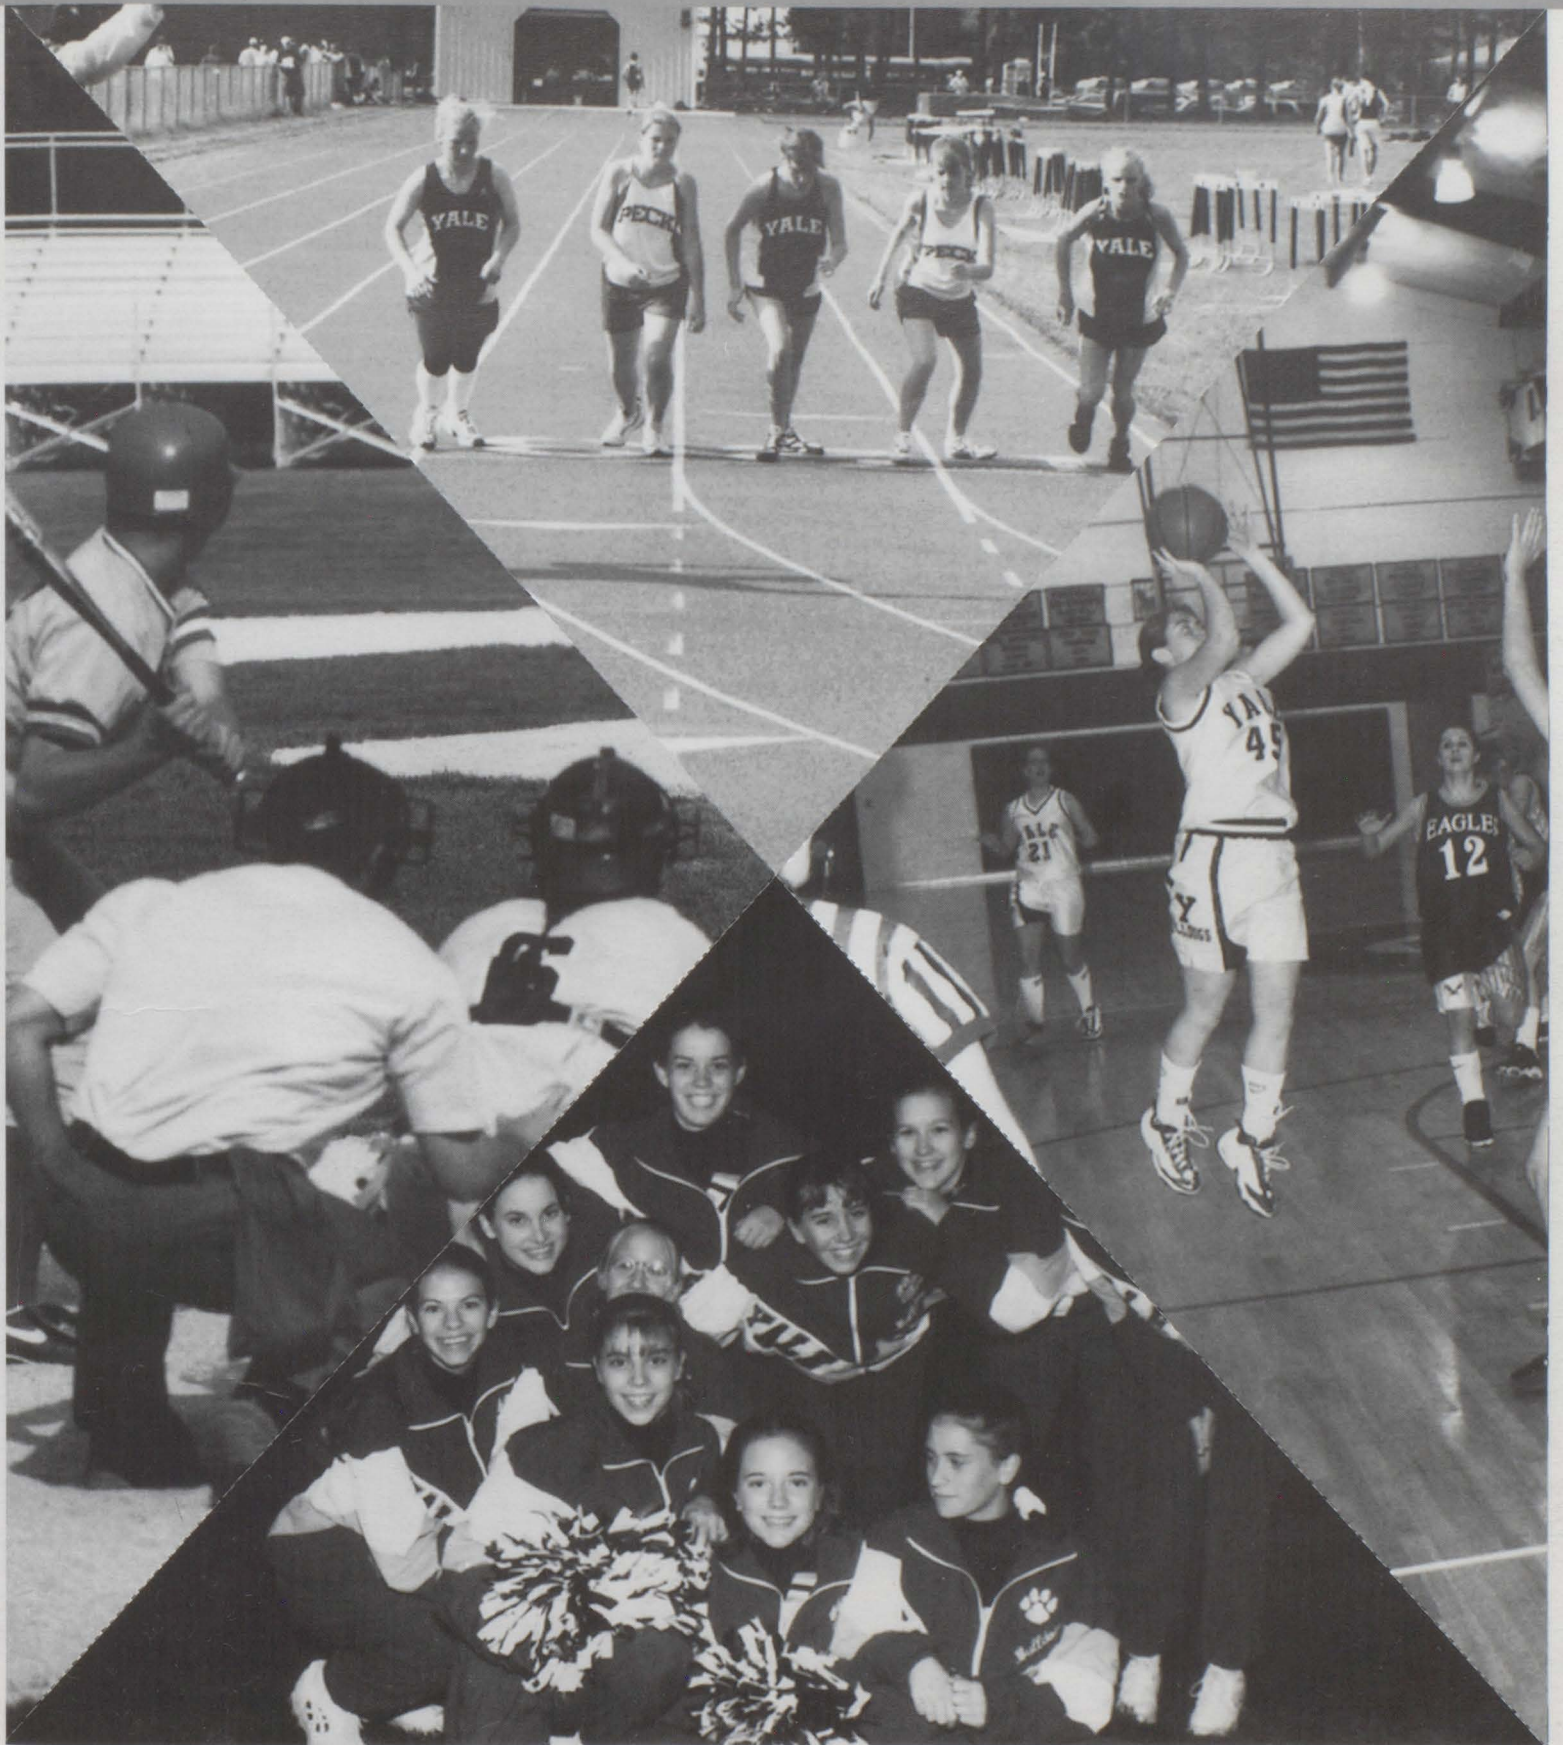

SPORTS AUTHORITY

The varsity volleyball team gathers together on the court before each of their games to get everyone pumped up. Preparing your mind seems to be just as important as preparing your body.

Punting the football in a game against Ubly is Kim Groeland. It was his first year as a foreign exchange student playing "American" football and he did a great job as Yale's kicker. I'm sure the team will miss him next year!

HOOP

Dreams

With a new coach and a new group of girls, the Lady Bulldogs pulled off a good season. Their standings may not have been the best in the League, but their attitude and desire shined in everything they did this year. They worked together as a team throughout every game, and were all friends not only on the court but off it as well. Coach Van Norman did an excellent job his first year as a Varsity Coach. Usually the first year is a little rough, but he made it look almost easy! With the great skills of the Freshman and Junior Varsity teams, plus those of the remaining Varsity girls, next year should have a couple of outstanding teams. Good Luck next season Lady Bulldogs!

Erin Dunn (51) drives into the basket for a power lay-up while Toni Purgatori (55) follows behind.

Toni Purgatori hangs onto the ball while a Deckerville Eagle tries hard to snatch it away. Anticipating Toni's moves and waiting for the ball to be sent her way is Stacey Fletcher (35). Approaching from the back is April Schaaf (11).

Freshman Elizabeth Vinckier (15) shakes off three Deckerville Eagles to score two of the many points she racked up this season.

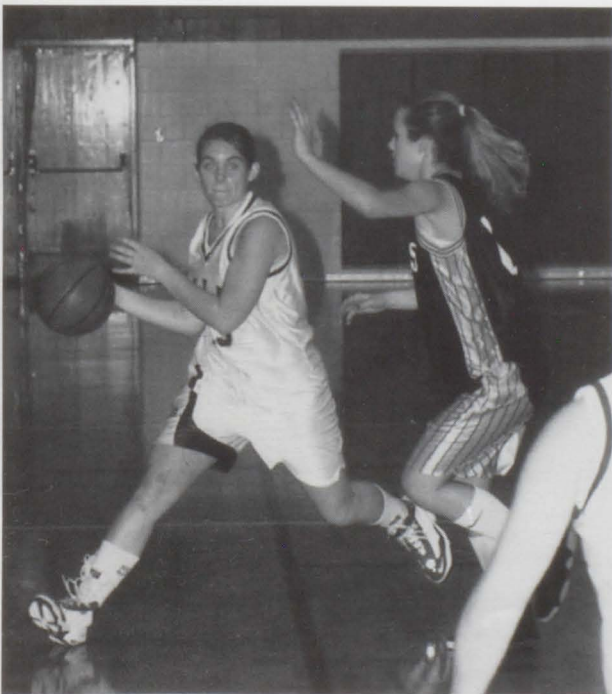

Nicole Tolman's pick (right) allows Kim Falter (25) to fly past Deckerville towards the basket.

Front row (left to right): Jamie Scott, Nicole Huber, Heidi Lohn, and Jamie Allen.

Nicole Palazzolo glides past her opponent and concentrates on her goal ... scoring two more points and leading her team to victory.

Back Row (Left to Right): Elizabeth Vinckier, Coach McLennan, and Heather Campbell.
Middle Row (Left to Right): Tiffany Booth, Sarah Tolman, and Amanda Ladd.
Front Row (Left to Right): Jodi Nuss and Tonya Miller.

Running Wild

Cross Country is about team work, dedication, and character building; not just about running. Of course, running is what they do best, but the members of the Cross Country team are a close group of friends who help each other accomplish their highest goals.

This year the Cross Country team has excelled with their new freshmen runners Louie Kuznia and Crystal McFadden. Together with the help of their coach John French and veteran runners Mike McCormick and Missy Nuss, they were named 2nd team all league. This year Missy was named honorable mention, although Mike had a great season himself.

Matt Burg, Karissa Holzberger, Louie Kuznia, Sara Maurin, and David LaForge take a break at one of the Cross Country meets to show off their smiles.

Hitting it Big

This year the girls varsity tennis players were "Hitting It Big". The girls enjoyed a 9-2 season. Their accomplishments of the season were a first place finish at the Hatchet Invitational, one second place finished at leagues, and two third place finishes at Regionals and the Blue Water Invitational.

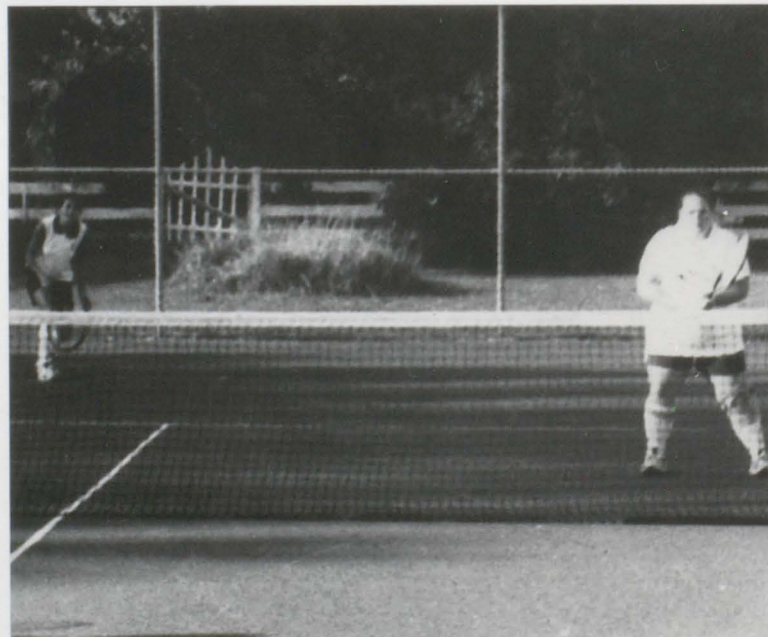

The girls got ready over the summer with a mini camp held at the Yale Courts. Players from the Port Huron Tennis House came and gave lessons. The girls also participated in a Port Huron Northern Tournament in preparation for the season with local teams.

Coach Schrand is confident with only losing two seniors that his team will be strong next year. Senior Laura Cowhy said "I'm going to miss the whole team next year, but I wish them the best of luck."

So as the racquet's are put away for the winter the girls look forward to another successful year next year of "Hitting It Big."

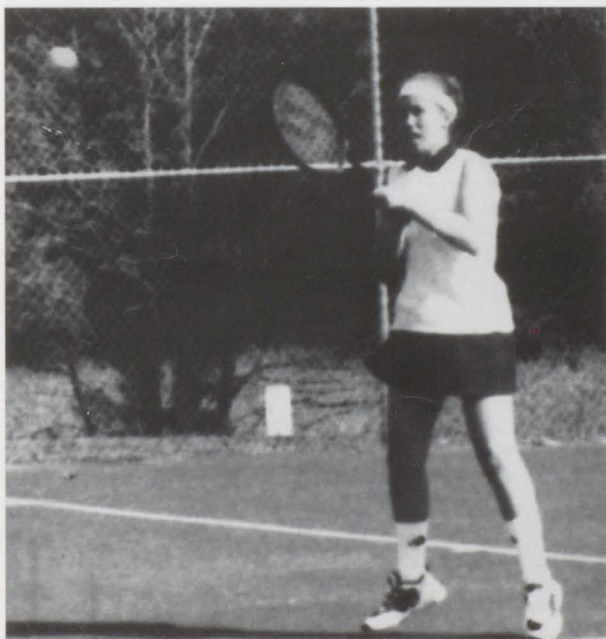

Junior Erin Cowhy returns a shot hoping that it's a winner.

Seniors Jill Cowhy and Laura Cowhy are waiting to rake up another win.

Top Row: L-R- Coach Mr. Schrand, Jill Cowhy, Lara Roush, Traci Gerlach, Tracy Verbeke, Tiffany Sutton, Stephanie Worton, Erin Dams, Becky Brennan, Stephanie Vermeesh. Middle Row: L-R- Laura Cowhy, Jennifer Hansman, Theresa Moore, Shannon Arnold, Kelly Sheehan, Erin Cowhy, Jamie Ovick. Front Row: L-R- Carly Witkowski, Kate Gottleber, Sarah Cowhy, Sara Swak, Geni Ostrowski, Abby Huston.

Tiffany Sutton awaits the ball hoping that it's hittable.

"Quotes From the Team"

Junior Jamie Ovick: "Tennis is not only a fun sport but a great time to get closer to your friends and also make new ones."

Junior Lara Roush: "We are all really close and we make everything about tennis fun."

Junior Theresa Moore: "Tennis is great, we have so much fun. The team has so many inside jokes and memories to make it through practices."

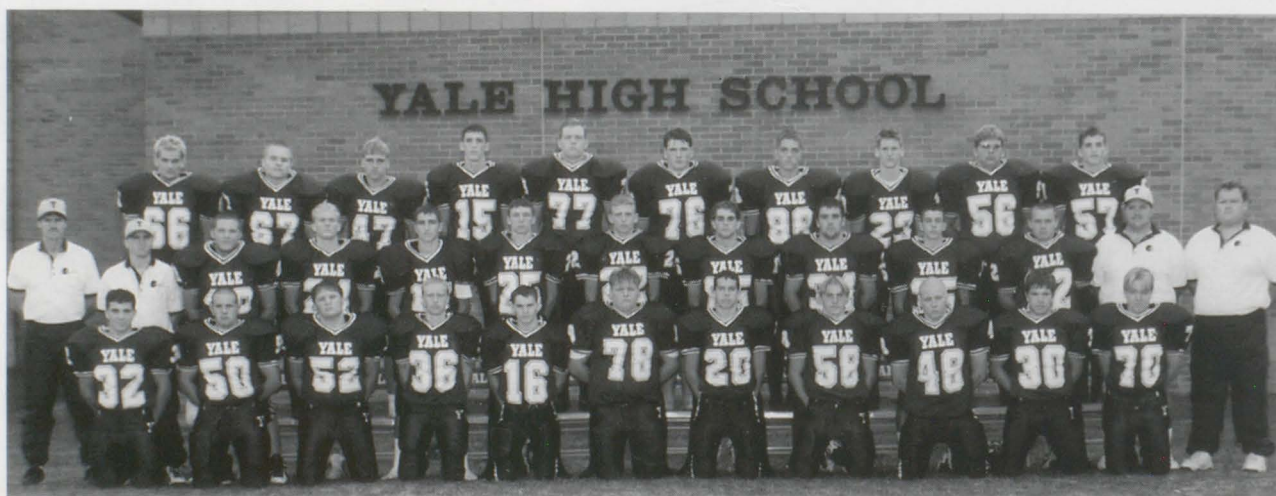

Big Blue Football

The 1998 Football season became a learning process for the future. The players learned about the game of football and what it takes to be successful. They worked extremely hard throughout the season and maintained their focus. With only six seniors on the varsity, the future looks good but only time, hard work, and commitment will determine the underclassmen's success. As for the seniors, the win-loss record does not indicate their character. They were a great group of young men to work with.

Coach Don Smeznik

The Yale Bulldogs take the field and prepare for a victory over Ubly.

(left to right): Sarah Ellis, Tonya Dove, Kristen Boike, Jamie Friedland, Candace Werner, Amanda Hewitt, and Kristie Hanners, from the varsity squad, take a break from cheering for their class to smile for the camera.

The Yale J.V and Varsity Cheerleaders cheered a great season. Although they suffered through some hard times, their spirit was never affected. They worked very hard throughout the season to lead the crowd through cheers and chants. They rooted their football players on to victory, and never gave up on them. . .

Yale's volleyball program has really developed over the past few years.

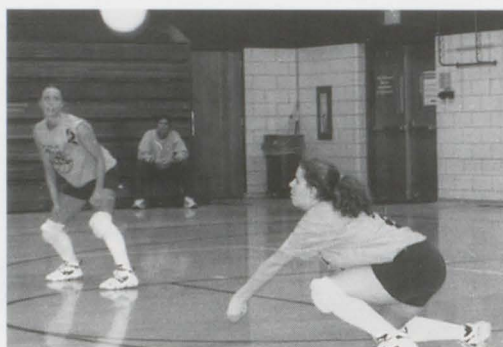

Team records have become almost unbeatable and each girl's individual skills have improved tremendously. The Yale Bulldogs also stand out at every away game and tournament by wearing their awesome T-dye shirts. Coach Trupp, Coach Steen, and Coach Collins all work very hard to get each one of their teams to their highest ability. Good job girls on your great season!!

Digging out a hard attack is Kim Falter. She returns the ball to the setter almost making it look easy!

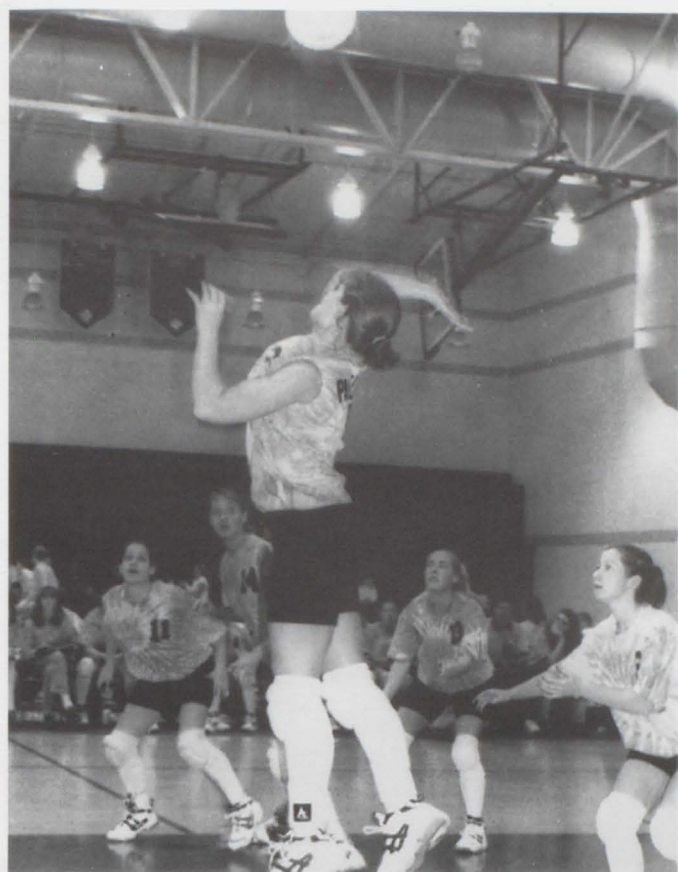

The volleyball team took first at the Dryden Invitational this year. Here, they show off their winning trophy with smiles!

The Roof is on Fire!!!

Attacking the ball from the ten foot line is Nicole Palazzolo. Her teammates are down and ready to help in case it comes back over, though Nicole will probably hit it so hard that it won't, right??

Teamwork and trust are two big issues that are part of volleyball. The Lady Bulldogs practice by doing this drill before every game. Here is Dena Piecuch being flipped by her team mates. Hope Jenni and Kelly hold on to her hands tight!

(Left): Gathering in the locker room the girls pose with some laughs for a picture. They are all friends off and on the court. That's a big reason why their team is so strong!

Basketball Cheerleading

Cheerleading is hard work and yet is a lot of fun! Just ask the 105 elementary and Jr. High girls and boys who participated in the 5th annual Mini-Cheer Clinic to help celebrate Homecoming! Before this festive day comes around, there is much preparation that goes on. Starting with tryouts for the high school squads and moving on to the annual Golf-a-thon to raise money for summer camp. This year the girls attended a private camp put on by ELITE. This three day camp taught them many new cheers as well as a great new dance that was performed at half time.

Building on strong tradition, the Bulldog Wrestling team enjoyed continued success this past season. Yale repeated as league champions, winning their 68th straight match along the way. The Bulldogs placed in the top four in every tournament in; winning the Yale, Armada, and Millington and League invitationals. Twenty dedicated athletes worked hard to achieve team and individual goals. Led by team captains Richard Meharg, Mike McCormick, and Chad Pachmayer, the 1998-1999 Bulldog Wrestling team will be remembered as a team of competitors, that never gave up and went out as champions.

Where The Boys Are !

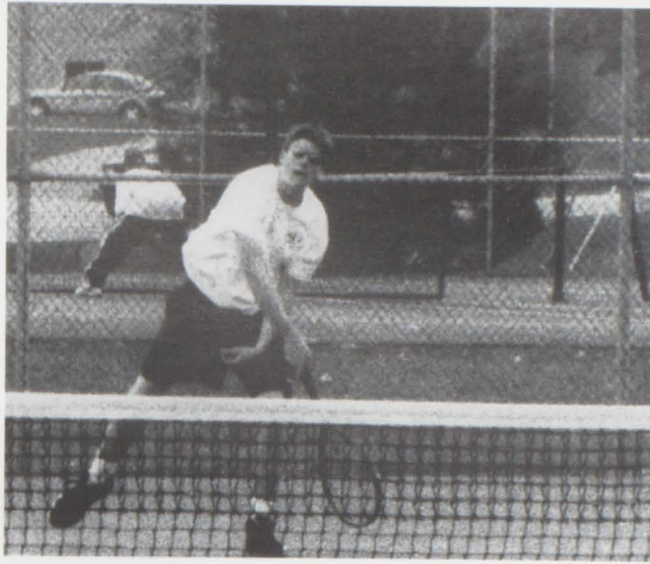

Tennis is a complex sport where hand and eye cordination is a necessity, thrown in with speed and a good arm. During the 97-98 season Yale had two wins and eleven losses. Rob LePla was undefeated for most of the season.

The team had two returning letter winners from the previous year and many new guys just learning how to play.

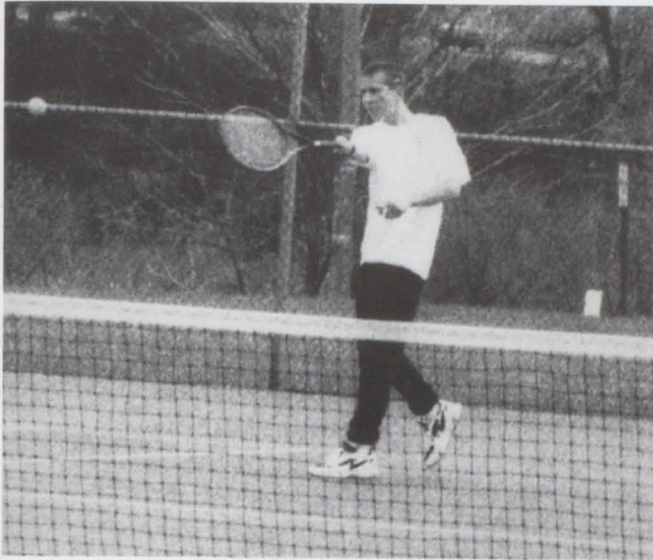

The team overall gained a great deal of experience throughout the season, and are looking forward to seeing improvement for next year.

Robbie Silverthorn shows a lot of effort to make this hit the winning shot.

Jason Ferdig must know that concentration is the key to success.

P.A.C.E.

PACE is a group of high school students who participate in academic enrichment activities. The criteria for entrance is scoring a high level on a test given to honor students in 8th grade. They are currently reading "Great Expectations" by Charles Dickens, and have also read the play "Inherit the Wind". They visited Central Michigan University, and have other trips planned. Once a month they have a PACE movie night where they watch old classics that Mr. Hunt, their advisor, has chosen. Their other future plans include performing a stage play later in the year.

National Honor Society

The greatest honor a high - achieving student can receive is an invitation to be a part of the National Honor Society. The way students are chosen for the National Honor Society starts with a list of all students that earned a cumulative grade point average of 3.50 or higher that is given to the staff. Faculty members then write comments about each student and give suggestions on whether or not that student should be included in the program. Induction takes place in the Spring of the Junior year before teacher recognition awards.

S.A.D.D.

This year's 1998 -1999 SADD group is doing a great job, and have accomplished many tasks. The officers have changed a bit from last year. The new President that follows Debbie Fields is Kristie Hanners, Vice President is Melinda Parsons, and the Secretary is Ashley Thompson, the Treasurer is Jennie Dobek, and the advisor is Jean Barry. The main goal in SADD is to prevent people from drinking and driving and to educate people about the consequences of drinking and driving. SADD is against driving drunk, not drinking. However, they in no way encourage teenage drinking. If they can prevent just one person from drinking and driving and perhaps save a life, all their work and efforts will be worth it.

Student Council

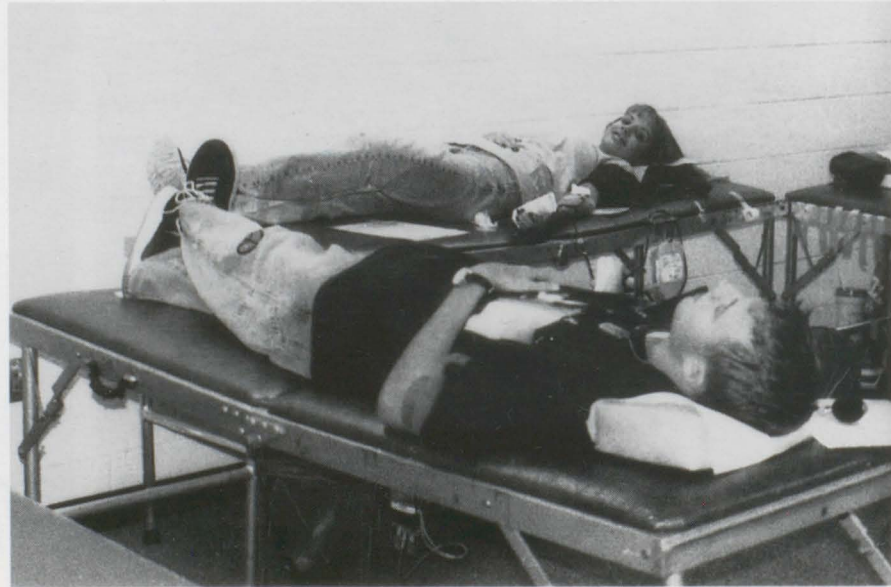

The Yale High School Student Council is a group of dedicated students who want to make changes and improve the way of life for the entire student body. This year they have embarked on some opportunities to make themselves better and more organized. For example, at the beginning of the year they attended a workshop that taught them how to run meetings more smoothly. The council meets once a month during Triple A time. This year's Student Council officers include three new members: Heather Verbeke, President; Erin Dunn, Vice President; and Dean Pilat, Parliamentarian. The two returning officers are Kim Flint, Treasurer; and Dena Piecuch, Secretary. All of the officers will be graduating next year, so next year there will be a whole new set of responsible young officers.

Science Club

The Science Club knows that learning and fun go hand in hand! The huge group that gathers once a month discusses future outings such as rock-climbing and skiing. More options they have discussed are trips to Toronto and Chicago to visit the Science museums, and possibly some other, longer trips that would take place in the summer including Washington D.C. and Yellowstone National Park. Mr. Hunt is always glad to expand the meetings into teaching experiences by demonstrating "neat" science tools. The Science club is headed for great things!

This was the first year for the language German. With that came a new club headed by Mrs. Wilson. The President of German club is Lara Roush, Vice President is Laura Cowhy, Secretary is Theresa Moore, and Treasurer is Nicole Tolman. Jill Moody was also voted to take over the position of President when Lara Roush became an exchange student in New Zealand during the second semester. Already this year they have raised money by a car wash and selling 50/50 raffle tickets at some of the girls basketball games. The money that was earned helped pay for the Halloween dance they sponsored. The dance was one of the very few held besides Homecoming, Snowcoming, and Prom. The German club and the German classes went on a field trip to Frankenmuth during the middle of the school year. Even though this club is young it has accomplished a lot and is establishing themselves for the future.

FHA-

This years FHA club (Future Homemakers of America) includes many new and returning members. Officers include: President Sara Swack, Vice President Nicole Tolman, Secretary Jessi Hurt, and Treasurer Veronica Marcetti. The group has accomplished many of their goals for the 98-99 school year and their main objective is to make people realize the power of one. FHA helped collect canned foods and money to buy presents for Julie's Kids around Christmas time, and each member bought food to help complete the Thanksgiving dinners that were donated to two families in Yale. They also helped the Yale Food Bank package over one hundred boxes of canned food that was collected. Pep notes were made for the teachers too, to remind them of the great job they are doing. Keep it up FHA!!!!

Choir

The High School choir is a group of talented young students who share a love for music. The choir is divided into two groups, choir and chamber ensemble. The choir is made up of students beginning to take an interest in singing while the chamber ensemble are more experienced.

This year members from the choir and chamber took a trip to the University of Michigan to participate in a workshop just for high school students in Michigan. Both sections of the choir perform at choral festivals where they are judged on their performances. In December they put on a Christmas concert and will also be performing in the spring.

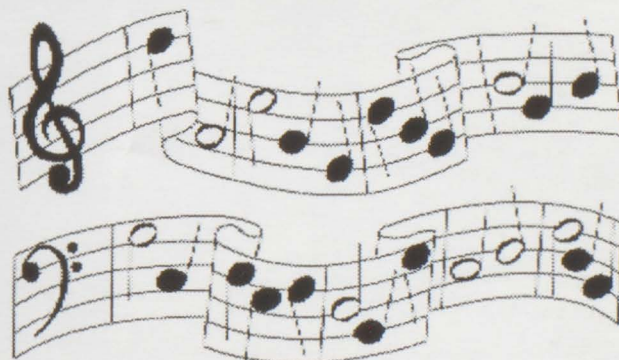

Amber King, Bobbi Zissler, Melinda Parsons, Brandy Keeler, Darlene Evans, Laura Thompson, and Tami Tiemke give their voices a rest to take a quick picture.

HOME RUN RACE

This year in major league baseball, Mark McGwire and Sammy Sosa competed to break Roger Maris home-run record. Throughout the season these two players battled to make a name in major league baseball. Mark McGwire, first base for the St. Louis Cardinals, hit a total of 70 home runs. While Sammy Sosa of the Chicago Cubs came in a close second.

JORDAN RETIREMENT

This year basketball player Michael Jordan shocked the entire basketball association with the announcement of his potential retirement. The announcement came a few days after the NBA lockout. Jordan told the media that he would only play for Phil Jackson, coach of the Chicago Bulls, who would be leaving after the season. After thirteen years and five championships, Jordan thinks its time for new ownership.

Weather '98

El Nino

1. Why is it called El Nino?

El Nino was originally recognized by fisherman off the coast of South America.

2. Why does El Nino occur?

El Nino results from the interaction between the surfaces layers of the ocean and the overlying atmosphere.

3. How often does El Nino occur?

El Nino's often occur irregularly, approximately every two to seven years.

4. Why is El Nino such a big deal this year?

In 1997-98 EL Nino was the strongest on record, and it developed more rapidly than any other El Nino known.

La Nina

1. Why is it called La Nina?

The name was derived from her brother El Nino, whose name came from fisherman. La nina means little girl.

2. Why does La Nina occur?

Changes in the ocean impact the atmosphere and climate patterns around the globe. Changes in the atmosphere impact the ocean temperature and currents. Conditions alternate between warm (El Nino), normal, or cold (La Nina).

3. How often does La Nina occur?

It occurs every three to four years, following El Nino.

4. Why is it such a big deal this year?

La Nina had a major impact on us this year. She broke many records with her bone-freezing temperatures and all the other factors that were pushed upon us to face this winter.

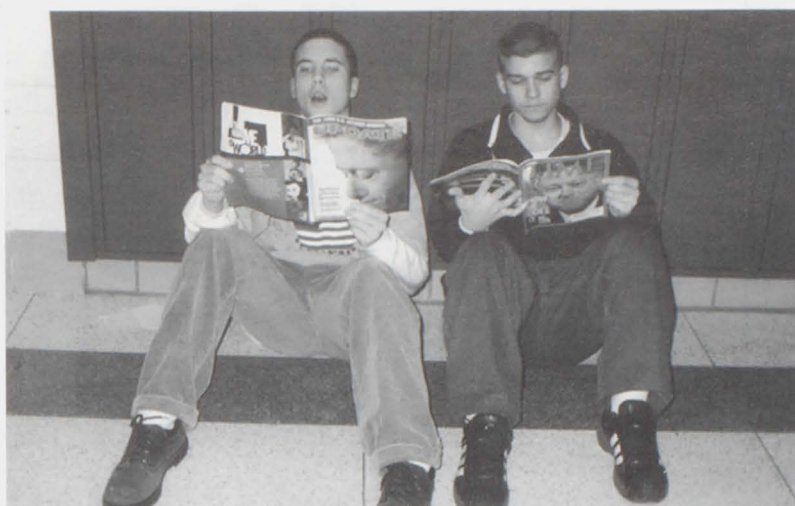

The Impeachment of the President

President Bill Clinton announced in his annual economic growth report on Thursday, February 4th that the economy was at "the pinnacle of power and success". Unemployment was at an astonishingly low 4.3 percent, and inflation fell to a 12-year low of 1.6 percent. The President proposed to spend most of the \$4.47 trillion surplus on Social Security and Medicare. So why is a vast majority of the American public anxiously awaiting the results of impeachment hearings for this man?

Late in December a whirlwind of activities involving President William Clinton, Monica Lewinsky, Linda Tripp, and Kenneth Starr made the White House seem more like a Soap Opera. Early this year, two articles of impeachment were approved and trials began. The two articles included Perjury before a grand jury and obstruction of justice.

The President responded to the charges by first acknowledging that conduct with Ms. Lewinsky was improper. He then goes on to deny making any perjurious, false or misleading statements before the federal grand jury. Obviously they believed him, because in February, the President was acquitted.

Jordan Vardon and Tim Grasyk take time out in the halls to catch up on the latest issues concerning the impeachment of the President.

What Do YOU Think?

The following statistics are the results of a student survey done in February of 1999.

Do you feel that the charges of impeachment brought against the President were justified?

YES: 62%

NO: 38%

Do you think President Clinton should be removed from office?

YES: 43%

NO: 57%

If the President were removed from office, would you be happy with Al Gore as your new President?

YES: 26%

NO: 74%

Quote / Un-Quote

"Yes, I think the charges were justified, I also think it's sad that even our own President lied to the American people"

~Dean Pilat

"I don't think Ms. Lewinsky was telling the complete truth, but no one ever tells the complete truth."

~John Sand

"Yes, the trial has been dragged on for long enough, all of the information is out, if a decision is going to be made, then it should be made now so America and the press can deal with more real problems."

~Dena Piecuch

"I think it's his personal life and the public should stay out of it."

~Erin Cowhy

"I think the President should be removed. He is a disgrace and an embarrassment to our country."

~Ashley Reynolds

"If we can't trust our President, then who can we trust?"

~Justin Delk

"Clinton is an example for all of the United States, and he has made himself a bad example. He has made it clear that his moral values are very small, or none at all."

~Becca Sand

Our School Year...

This year has been full of new people, places, classes and rules. A new study hour was set up, called Triple A. Drivers got new licenses and new rules. The school got some new classes and new people. All these things just make our school even better!

A new class and a new club ...

German was a new course introduced this year. The class was in popular demand, Frau Wilson (Mrs. Wilson, the instructor) has three full classes. Students really enjoy the class, they already feel immersed in the language and are learning a lot about the country and people's way of life. The German Club has been very active in the school already. Their trip to Frankenmuth (pictured at right) taught them to enjoy the cultural differences of Germans, and in some cases, enjoy their heritage. Another new class is Michigan History.

The new graduated license ...

The new license has brought many changes for students old enough to drive. If you were not enrolled in a driver's training class by April 20th, 1998 (in which you had to be 15 to enroll) then you were officially under the new driver's law. The changes started with driver's training, which now has two levels, and longer hours in the classroom and on the road. When you finally get your license at 16, you cannot drive between the hours of midnight and 5 a.m. until you turn 17. The other obvious changes are the style and color of the license itself. In the picture at left, the center picture is the old license, and the surrounding are the new. The new license is like a credit card, with a scan strip and bar code on the back that police officers now swipe to pull up your record. Also, the Under 21 identification is BIG and RED, and right above your photo!

Are You Ready for the Y2K Bug ...

Y2K, also known as the year 2000, presents many uncertainties regarding how computers function starting on January 1st, 2000. Is your computer prepared to withstand the Millennium Bug? First of all, the Millennium "bug" isn't exactly as it sounds, it is actually a computer software and firmware phenomenon that may cause some computers to malfunction on January first. Some software and computer chips were originally designed to interpret years as two digits ... 97, 98, 99, etc. Once the year rolls over to 2000, the computer may interpret the year as 1900 instead of 2000. World Industries have been very busy upgrading software and hardware to minimize the impact of the Millennium Bug.

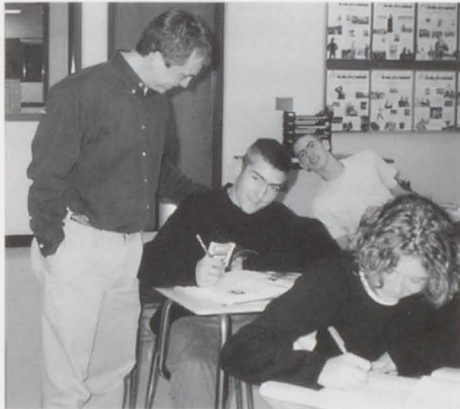

Same old, Same old ...

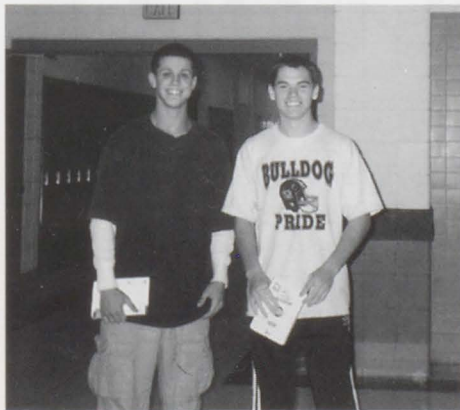

Then there are all the things that are the same as last year, and have been the same practically forever it feels like. But that's the way we like it ... and that's the way it should stay!

Gotta go to class and do a little learning...

...Gotta get a little help from your teachers...

...and spend a little time hangin out in the halls and to catch up!

Most importantly, you gotta make every day count ... have a little fun and don't worry too much. That's what makes life worthwhile!

Student Spotlight

THE SCHOOL IMPROVEMENT TEAM AT YALE HIGH SCHOOL WAS LOOKING FOR A NEW WAY TO FOCUS ATTENTION ON ALL STUDENTS. THE IDEA TO START A "STUDENT SPOTLIGHT" SHOWCASE AND CHOOSE PARTICIPANTS FROM A RANDOM DRAWING BEGAN IN SEPTEMBER 1997. THE SHOWCASE IS LOCATED ACROSS FROM THE CAFETERIA AND SPOTLIGHTS ONE STUDENT FROM EACH GRADE. AN INTERVIEW IS ADDED TO THEIR PICTURE AND IS DISPLAYED FOR A WEEK.

THE "STUDENT SPOTLIGHT" WAS CREATED TO SHOW THE COMMUNITY THAT EVERYBODY IS DESERVING OF RECOGNITION AND THAT ALL STUDENTS AT YALE HIGH SCHOOL ARE IMPORTANT CONTRIBUTING MEMBERS. THE PROGRAM'S SUCCESS WAS MAINLY DUE TO THE HARD WORK AND DEDICATION OF SENIOR KELLY O'BRYAN. EACH WEEK KELLY CONTRIBUTED HOURS OF WORK TO THE INTERVIEWING AND ORGANIZATION OF THE SPOTLIGHT.

Sportsmanship

We, as a school are never more visible than at sporting events. More of our own community members and people from other communities see our students during athletic contests than at any other time. We encourage attendance, cheering and other means of positive support. We would like students to avoid taunting of officials, athletes and coaches. Yale students have won sportsmanship awards many times in the past and we can win them in the future. Be proud to be a "Yale Bulldog" and show your pride and spirit in a positive way.

This is how it all happens folks. We are the ones who have created this yearbook for you. Yearbook is a lot of hard work, a lot of stress, but worth every minute when you see the final results. The whole process starts on the first day, when the editors explain the ladder (or the assignments for each page) of this year's book. It all starts out slow ... looking at layout examples, looking for spread ideas, and taking pictures. Then all of a sudden there's interviews, photographer appointments, pictures to crop, copy to write, layouts to design, photo shoots to run, ads to sell, and deadlines, deadlines, deadlines! Everything becomes a huge whirlwind. It's not uncommon to see some of the yearbook staff getting out of classes on days surrounding a big deadline. But when all the pages are sent in mid-February, and you can smile when you get the proofs from the plant, you know it has all turned out well. We hoped you enjoyed our work this year!

Sorting through pictures and ideas at the beginning of the school year.

SENIORS 99

One last look.....

As the senior class looks back on what their high school career has been, they will remember what they picked as their class rememberants.

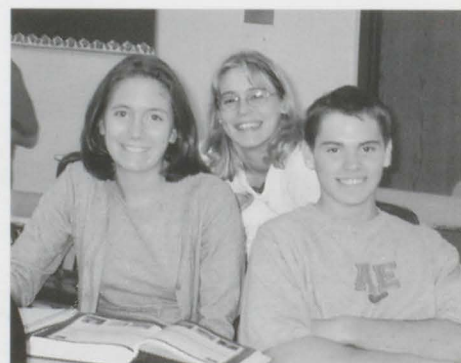

Class song: "Dream On" - Aerosmith

Class colors: silver/raspberry

Class motto: "Dare to walk where others dream of going."

Class flower: White rose

This year's graduating class was the first class to go all four years of their high school career here. They're also the last class to graduate before the millenium. Where ever they may go or what ever they do, they will always have the connection of where they started. And to every graduating SENIOR "Good Luck"!!

TRUE*BLUE*SUPER*FANS

We reach out to support our teams as much as we can by traveling anywhere from Capac to Bay City. Our rowdy bunch's enthusiasm surpasses any other schools dreams of school spirit. With our die-hard big blue attitudes we can rise above the rest and overcome any competition, even if we're not the ones playing the game.
